

RULE EXCEPTION FOR WE UNITED COMPETITIONS

The *United States Rules for Working Equitation* prohibit horses that have lost sight in both eyes from competing in Working Equitation.

WE United has passed an exception to this rule, allowing horses that have lost sight in both eyes but have demonstrated their capacity to compete safely in WE competitions to be permitted to compete in Dressage, Ease of Handling, and Speed trials in WE United shows.

This exception applies at all competitions licensed by WE United.
