

WE United Judge Program

The WE United Judge Program includes a description of steps a person must take prior to earning their initial Judge License. In addition, requirements to advance from Learner Judge to r, R, and Senior (S) judge are described. All WE United judges must maintain their membership in WE United in order to maintain their judge licenses. The Licensed Officials Committee (LOC) will be responsible for reviewing all applications, conducting interviews of applicants, and making recommendations for Licensure Level to the WE United Board of Directors.

Initial Application

1. Submit application demonstrating background and experience, along with designated processing fee. Application will include:

- A. Competition background
- B. General horse experience
- C. Other Judge licenses (any animal species/disciplines)
- D. 10 references from Show Managers/ WE United members
- E. Current WE United membership

2. Attend Official Judge Seminar

Candidate must attend one full seminar regardless of L, r, or R eligibility.

3. Successfully pass written, performance, and oral exams.

At the seminar, attendees must score 80% or higher on both rules test/written exam and video or live judging performance exam in scoring multiple rides/multiple levels appropriate for license being awarded. For example, “L” and “r” judges must score 80% or higher on multiple rides at each of Introductory – Intermediate levels, while “R” and “S” judges must score 80% or higher on multiple rides at all levels, Introductory – Masters. In addition, each applicant must successfully complete a personal interview with the LOC, during which they may be asked to respond to a variety of questions related to working equitation, judging, and competitions in general.

Provided all the above are completed successfully, the LOC will recommend that the applicant be granted a WE United Judge license. Initial level of recommendation will depend on applicants’ previous judging experience and the quality of their application materials, including all aspects of the application / seminar process. The standard initial license will be an “L” license, but the LOC may recommend higher licensure if they believe it is justified.

The following LOC recommendations are possible:

- No license recommended.
