Educational site launched!

WE United is delighted to announce that we've partnered with Trish Hyatt, who earned her WE United Technical Delegate status earlier this year, to provide a great educational resource for our members.

Trish has created *Working Equitation Simplified*, an website chock full of training ideas designed to be used in very small spaces, to maximize their usefulness for riders who may not have access to a large arena.

With clear explanations, detailed videos, and clean drawings, Working Equitation Simplified guides riders through training activities that can be used by both avid competitors and those simply interested in improving their partnership with their horse.

And, as a affiliate of the program, WE United will receive 25% of the income generated by anyone who uses the WE United link to access the program, funds that will be used to help carry out our own educational initiatives across the country.

Interested yet? We sure hope so!
